PWQ—A feminist scientific journal that publishes empirical research, critical reviews, theoretical articles, brief reports, and invited book reviews related to the psychology of women and gender, including sex-related comparisons; psychobiological factors; sexuality; physical and sexual abuse, violence, and harassment; social and cognitive processes; lifespan role development and change; career choice and training; management and performance variables; education; prejudice and discrimination; physical and mental health and well-being; and therapeutic processes. Topics related to ethnic minority and cross-cultural issues are encouraged. These suggestions are not exhaustive, but are intended to guide the investigator when considering the appropriateness of an article for the journal. Literary analyses do not fall within the purview of the journal.
